His contribution to the education of girls and the empowerment of women was enormous.

He, along with his followers, formed the Satyasodhak Samaj (Society of Truth Seekers) to attain equal rights for people from exploited castes. People from all religions and castes could become a part of this association which worked for the upliftment of the oppressed classes. Phule is regarded as an important figure in the social reform movement in Maharashtra. He was bestowed with the honorific Mahatma title by Maharashtrian social activist Vithalrao Krishna Vandekar in 1888.

Bhimrao Ramji Ambedkar, popularly known as Babasaheb Ambedkar, was a jurist, economist, politician and social reformer who inspired the Dalit Buddhist Movement and campaigned against social discrimination against Untouchables (Dalits), while also supporting the rights of women and labour. He was the first law minister of India post-Independence and the principal architect of the Constitution of India. He earned doctorates in economics from both Columbia University and the London School of Economics, and gained a reputation as a scholar for his research in law, economics and political science.

He laid a great emphasis on education, especially where it was traditionally denied. In fact, he is known to have said once that education was more important than Temple entry for the downtrodden. He saw Education as a potent tool which could equally empower every citizen to build an egalitarian society as also to help break the age-old restrictive shackles of discriminatory social practices.

And as a writer, the first Telugu novelist, the first autobiography in Telugu, the first to write a history on Telugu poets and the first Telugu writer to translate scientific books."

EARTH DAY

On 22-04-2022

“#EarthDay is about expressing gratitude to Mother Earth for her kindness and reiterating our commitment to care for our planet.”

-PM Modi

Earth Day has been celebrated since 1970. It was first observed in the United States, when people took to the streets to protest against the 1969 Santa Barbara oil spill, which killed thousands of sea birds, dolphins, seals, and sea lions.

Earth Day celebrations have played an important role in raising awareness around environmental issues ever since. According to earthday.org, the world's largest recruiter to the environmental movement, the Earth Day mission is to “diversify, educate and activate the environmental movement worldwide”.

THIS YEAR, earthday.org selected the theme, ‘Invest In Our Planet’. “This is the moment to change it all — the business climate, the political climate, and how we take action on climate. Now is the time for the unstoppable courage to preserve and protect our health, our families, our livelihoods... together, we must ‘Invest In Our Planet’,” it said.
