An **essay** is, generally, a piece of writing that gives the author's own argument, but the definition is vague, overlapping with those of a letter, a paper, an article, a pamphlet, and a short story. Essays are commonly used as literary criticism, political manifestos, learned arguments, observations of daily life, recollections, and reflections of the author.

Elocution is the study of formal speaking in pronunciation, grammar, style, and tone as well as the idea and practice of effective speech and its forms. It stems from the idea that while communication is symbolic, sounds are final and compelling.

Independence Day

On 15/08/2023

Independence Day is celebrated annually on 15 August as a public holiday in India commemorating the nation's independence from the United Kingdom on 15 August 1947, the day when the provisions of the Indian Independence Act, which transferred legislative sovereignty to the Indian Constituent Assembly, came into effect. India retained King George VI as head of state until its transition to a republic, when the Constitution of India came into effect on 26 January 1950 (celebrated as Indian Republic Day) and replaced the dominion prefix, Dominion of India, with the enactment of the sovereign law Constitution of India. India attained independence following the independence movement noted for largely non-violent resistance and civil disobedience led by Indian National Congress under the leadership of Mahatma Gandhi.

Independence Day was celebrated with great respect and enthusiasm. The program started at 9:00 am with large crowd of students and staff. To commemorate the sovereignty of our nation Principal Dr. K. Ratna Manikyam hoisted the flag followed by speech where he spoke on the freedom fighters who played important role in Indian Independence. Later, students in their melodious voice sang patriotic songs followed by cultural programs. Finally, prizes were distributed to students who won prizes in various competitions held in the occasion of Independence Day.
