COLLEGE NEWSLETTER-NOVEMBER MAGAZINE

VISION OF COLLEGE

Intended to provide comprehensive and high quality education with ethics, values and employable skills to the downtrodden sections/tribal students by creating excellent learning environment and also to cultivate the creative and productive talents thereby seeking self-sufficiency for better living and take part in the nation building.

PRINCIPAL'S MESSAGE:

The Government Degree College, Chinturu is a newly established college in the Agency area of East Godavari District in Andhra Pradesh through GO Ms No:24, dated 26-05-2017 with an aim to cater to the educational needs of the tribal students and also to provide milieu for learning thereby to lead a better life. The area is originally belongs to Khammam district of Telangana State after bifurcation of united Andhra Pradesh but was transferred back to Andhra Pradesh in order to facilitate the Polavaram irrigation project.

The monthly newsletter of "Government Degree College, Chinturu, Alluri Sitarama Raju (Dist)" showcases curricular and co-curricular activities. I commend the efforts of all the faculties and students in this regard.

Opportunities Available for Education

On 04-11-2022

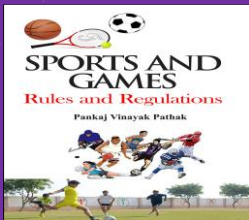

Careers in Education - Career Paths, Responsibilities & Demand

Careers in education can be among the most rewarding ways to make a difference in the lives of others. Earning a degree in education is an important first step in becoming a teacher. But even if you don't plan to teach in a traditional classroom setting, an education degree can be a stepping stone to a wide variety of careers in education, including education administration, school counseling, or even social work.

In addition to teaching students specific subject matter in the classroom, teachers strive to help students develop the lifelong learning tools they'll need to succeed in the future. Math lessons can help students work on problem-solving skills, group projects can help students work on their communication skills, and history lessons can help students appreciate cultures other than their own.

Games & Sports

On 05-11-2022

Games
and Sports

Games and sports are very important for human life. It makes us fit, active, fresh, and social. They teach us a lesson of coordination and discipline. Games and sports also develop brotherhood and unity in us. It has much value in the development of the body as well as our brain. A healthy mind dwells in a healthy body.

Games and Sports give the best exercise to the body. The toned body becomes active and energetic through physical exercise in games. The importance of games and sports in maintaining our physical as well as mental health. They teach us cooperation. In games, the player thinks for the whole team.

Games and sports also help in increasing the IQ of students and the ability of the mind. Young and interested people can have a bright carrier in the sports profession too. Participation in sports is helpful for everyone.

Connect with the Community & Global Society

On 07-11-2022

Global Community: Global and community are two words that belong together. Global describes the world. It refers to everything, everywhere, the whole planet.

Community refers to people who live in the same area and share common characteristics or interests.

Global community refers to the growing interconnectedness of people around the world. It's made up of people from all over the world who're connected by gender, interests such as technology, economics, global issues, and more.

People in a local community may be connected by personal relationships or shared experiences, but they're still connected by the fact that they live in close proximity to each other.

Global communities are mostly connected by the Internet; therefore, everything that holds them together is online, and occasionally physical: they typically use online forums, email lists, and chat rooms to facilitate communication among members.

E-Learning Resources, Application of ICT, Apps

On 08-11-2022

With e-learning web apps, you can provide an effective virtual learning experience to your learners. E-learning web apps improve students' academic progress.

E-Learning Web Apps

Google Classroom.

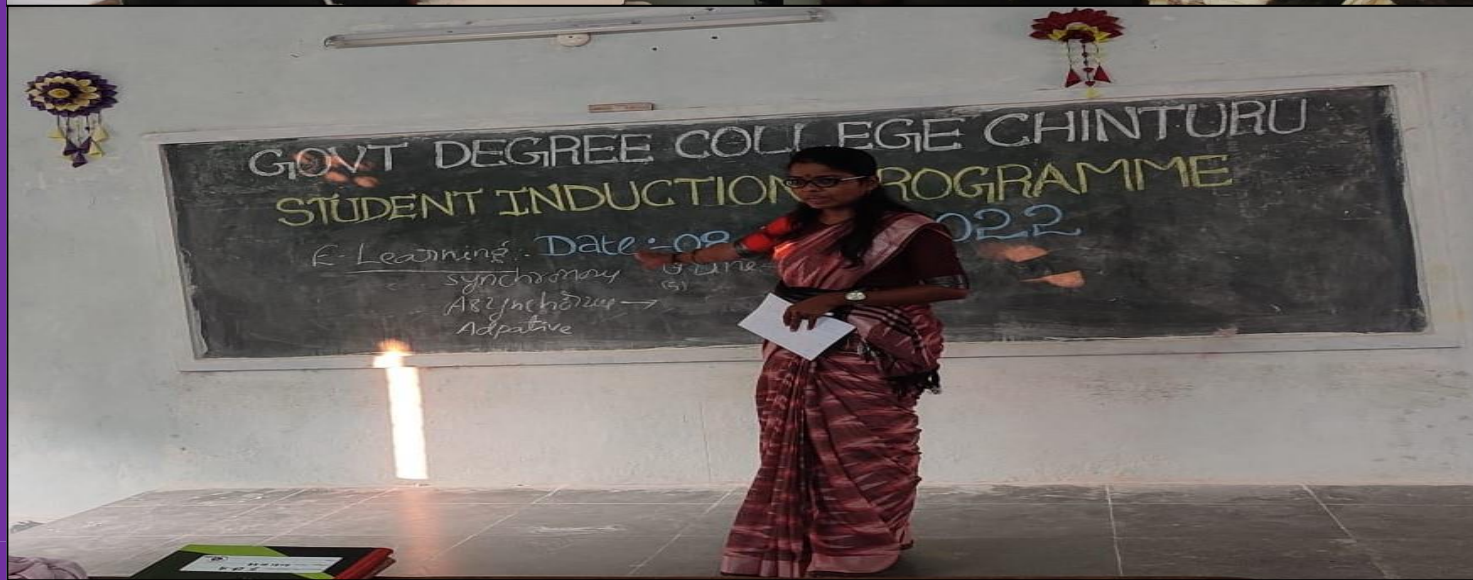

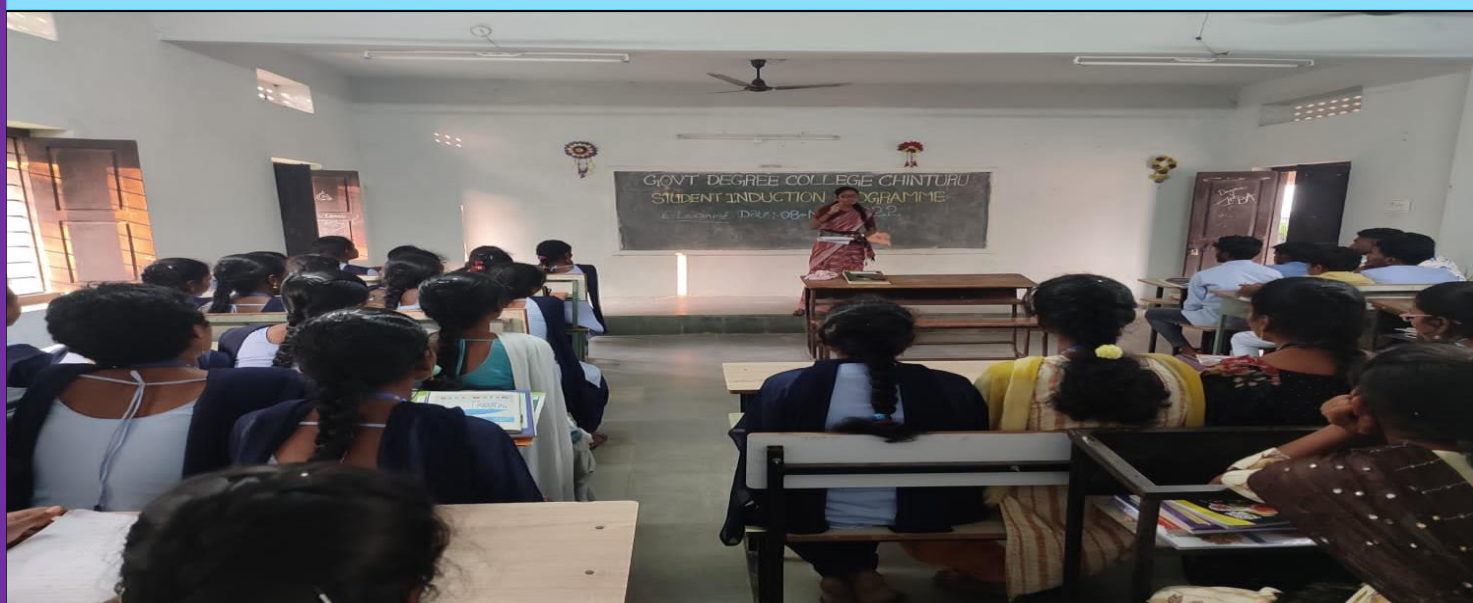

Kahoot.

Zoom Education.

Seesaw.

Photomath.

Socrative, Edmodo & Scratch.

Effective Communications

On 09-11-2022

Effective communication is the process of exchanging ideas, thoughts, opinions, knowledge, and data so that the message is received and understood with clarity and purpose. When we communicate effectively, both the sender and receiver feel satisfied. Communication occurs in many forms, including verbal and non-verbal, written, visual, and listening. It can occur in person, on the internet (on forums, social media, and websites), over the phone (through apps, calls, and video), or by mail. For communication to be effective, it must be clear, correct, complete, concise, and compassionate.

While the effectiveness of communication can be difficult to measure, its impact is hard to deny.

Team Work & Leadership Development

On 10-11-2022

“Ultimately, leadership is not about glorious crowning acts. It’s about keeping your team focused on a goal and motivated to do their best to achieve it, especially when the stakes are high and the consequences really matter. It is about laying the groundwork for others’ success, and then standing back and letting them shine.”

— Chris Hadfield, astronaut and former Commander of the International Space Station*

Hygiene & Health

On 11/11/2022

Hygiene refers to behaviors that can improve cleanliness and lead to good health, such as frequent handwashing, facial cleanliness, and bathing with soap and water. Many diseases can be prevented through proper hygiene practices, such as covering your cough and sneezes, washing hands after handling animals, and showering before you swim.

Institutional Values & Ethics

On 14/11/2022

Integrity- We act with integrity and honesty in accordance with the highest academic, professional, and ethical standards.

Respect- We respect and honor the dignity of each person, embrace civil discourse, and foster a diverse and inclusive community.

Responsibility- We act responsibly, and we are accountable for our decisions, actions, and their consequences.

Discovery- We seek and create new knowledge and understanding, and foster creativity and innovation, for the benefit of our communities, society, and the environment.

Excellence- We strive for excellence in all our endeavors as individuals, an institution, and a leader in higher education.

Community- We work together for the betterment of our University, the communities we serve, and the world.

We have to follow the above integrity, respect, responsibility, discovery, excellence & community, then only we will be excel in all areas our journey.

Anti-Ragging

On 15/11/2022

Ragging is a disturbing reality in the higher education system of our country.

Despite the fact that over the years ragging has claimed hundreds of innocent lives and has ruined careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarization' and an 'initiation into the real world' for young college-going students.

To prohibit, prevent and eliminate the scourge of ragging including any conduct by any student whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student, or indulging in rowdy or undisciplined activities by any student.

Purpose & Relevance of Higher Education On 16/11/2022

Higher education is increasingly becoming a priority for many families around the world. The United Nations Educational, Scientific, and Cultural Organization (UNESCO) has stated that more than 1 billion people worldwide have completed some form of higher education. This number continues to grow every year. This blog post will discuss the importance of higher education in India and explore some of the benefits of pursuing a college education in the country.

Higher education is a system of education that offers a variety of undergraduate and graduate degrees. It is typically associated with institutions of higher learning such as universities, colleges, and seminaries.

Self Empowerment & Motivation

On 17/11/2022

Self-empowerment means making a conscious decision to take charge of your destiny. It involves making positive choices, taking action to advance, and being confident in your ability to make and execute decisions. Self-empowered people understand their strengths and weaknesses and are motivated to learn and achieve.

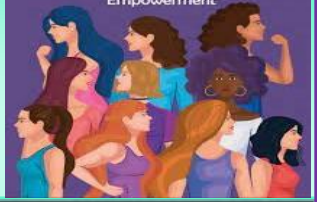

Self-empowered people take control of their lives by setting goals and taking actionable steps to achieve them. They not only understand how to get things done but also are confident, focused, and comfortable making decisions that guide them toward their future.

Women Empowerment

On 18/11/2022

Women's empowerment can be defined to promoting women's sense of self-worth, their ability to determine their own choices, and their right to influence social change for themselves and others.

It is closely aligned with female empowerment – a fundamental human right that's also key to achieving a more peaceful, prosperous world.

Women's empowerment and promoting women's rights have emerged as a part of a major global movement and is continuing to break new ground in recent years. Days like International Women's Empowerment Day are also gaining momentum.

Swatch Bharath Abhiyaan

On 19/11/2022

To accelerate the efforts to achieve universal sanitation coverage and to put the focus on sanitation, the Prime Minister of India had launched the Swachh Bharat Mission on 2nd October 2014. Under the mission, all villages, Gram Panchayats, Districts, States and Union Territories in India declared themselves "open-defecation free" (ODF) by 2 October 2019, the 150th birth anniversary of Mahatma Gandhi, by constructing over 100 million toilets in rural India. To ensure that the open defecation free behaviours are sustained, no one is left behind, and that solid and liquid waste management facilities are accessible, the Mission is moving towards the next Phase II of SBMG i.e ODF-Plus. ODF Plus activities under Phase II of Swachh Bharat Mission (Grameen) will reinforce ODF behaviours and focus on providing interventions for the safe management of solid and liquid waste in villages.

Employment & Entrepreneurship

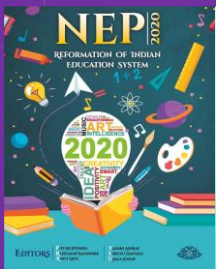

On 21/11/2022

Traditional employment and entrepreneurship are two ways to generate income throughout your career. The subject of your work as an employee may compare to that of an entrepreneur, while your work environment, independence and schedule flexibility may differ. Learning how employees and entrepreneurs compare and contrast can help you identify which type of job is most ideal for you.

An employee is a person who works for a company while performing his or her duties, whereas an entrepreneur is a person who creates a new business while bearing risks and enjoying most of the profits and rewards.

NEP-CSP, Internships, CIA, LMS, Certificate Courses & Online Courses

On 22/11/2022

The Government of India had launched the new National Education Policy on 2020. Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all” by 2030.

Community Service Project shall be an integral part of the curriculum, as an alternative to the two months of Summer Internships / Apprenticeships / On the Job Training, whenever there is an exigency when students cannot pursue their summer internships. To bring about an attitudinal change in the students and help them to develop societal consciousness, sensibility, responsibility and accountability. To make students aware of their inner strength and help them to find new /out of box solutions to the social problems.

The Government of Andhra Pradesh had took initiation to the CIA, LMS, Certificate Courses & Online Courses - To bring out an attitudinal change like communication skills, way of behavior, confidential level & to increase the creativity in the students.

Important of Life Skills & Skill Development Courses

On 23/11/2022

In everyday life, the development of life skills helps students to: Find new ways of thinking and problem solving. Recognise the impact of their actions and teaches them to take responsibility for what they do rather than blame others. Build confidence both in spoken skills and for group collaboration and cooperation.

In a constantly changing environment, having life skills is an essential part of being able to meet the challenges of everyday life. The dramatic changes in global economies over the past five years have been matched with the transformation in technology and these are all impacting on education, the workplace and our home life. To cope with the increasing pace and change of modern life, students need new life skills such as the ability to deal with stress and frustration. Today's students will have many new jobs over the course of their lives, with associated pressures and the need for flexibility.

Academic & Administrative Structure

On 24/11/2022

Academic administration is a branch of university or college employees responsible for the maintenance and supervision of the institution and separate from the faculty or academics, although some personnel may have joint responsibilities.

Often, an educational administration helps in planning the assessment that measures the success and growth of students. It helps them understand and improve the assessment score and determines what students are learning. They also monitor the student's classroom and ensure students learn in a healthy environment

Co-curricular Activities

Curricular, Co-Curricular & Extra-Curricular Activities

On 25/11/2022

Importance of
Co-Curricular Activities

ACTIVITIES THAT MAKE CHILDREN GREAT!

Curricular activities are learning activities within the instructional process that occur in an accredited course during the school day to assist students in achieving the Priority Academic Student Skills.

Co-curricular activities are those activities that are undertaken along with academic studies. Typically, co-curricular activities are carried out outside the normal classrooms, but they supplement the academic curriculum and help in learning by doing. These activities help students to develop problem-solving, reasoning, critical thinking, creative thinking, communication, and collaborative abilities.

Co-curricular activities in school might be compulsory such as music, art, or drama classes that take place during the day. Others could be voluntary, such as participating in a school sports team, school debating teams, or student newsletters editorial team. In either case, participation helps students in emotional development, social skill development, and overall personality development. Therefore, the importance of co-curricular activities is immense.

Every student has their own potential and when a student achieves success through the activities he/she is passionate about, their self-confidence improves. For students who show a good inclination towards academic disciplines, extra-curricular activities help in feeling more confident about their abilities

Cultural Activities

On 26/11/2022

Cultural activities are sports or activities which contribute to or enhance the historical or social development, appreciation of members of the public. It is training and refinement of the intellect, interest, tastes and skills of a person.

The cultural activities enhance the confidence level for students, which allow students to perform better. Activities will develop the personality for students and assist the students for good career.

Benefits in schools & Healths: They will remove stage fear- Stage fear is a common problem around the world for many students, as well as adults. Schools can help students get rid of stage fear at an early age. Self-confidence & Better academic performance- The students who are involved in cultural activities will have good academic performance.

The cultural activities have health benefits like lowering depression, anxiety, etc. They will bring positive effects to people who have associated with dancing, acting, and playing. The Cultural activities will help both mental and physical health

Decision Making, Problem Solving & Creative Thinking

On 29/11/2022

Simple yet crucial for the furtherance of the human civilisation. First things first, let us understand the link between these concepts.

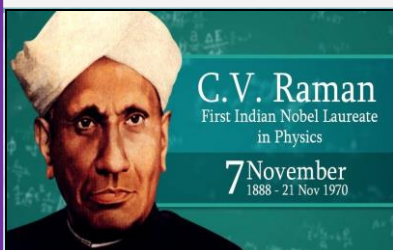

Problem solving is a crucial skill which involves removing obstacles to reach the desired target. Decision making on the other hand is about choosing between the available options. Problem solving and decision making go hand in hand. But what makes the difference is creative thinking, as creative thinking enhances the horizon of choices leading to a better decision making.

Albert Einstein has stressed enough on the creative and out of box thinking attitude in the young generation. He quoted “We cannot solve the problem with the same level of thinking that created it”. To explain this quote let us listen to a small story of a NASA space scientist and his son, The scientist was so busy finding a pen for the astronauts which could work in the absence of gravity. The scientist spent hours and hours to figure out a solution and his son who was intrigued by his dad’s work had told his dad “Why not use a pencil”. It seems simple and out of box yet the pencil solved the problem. This is how creative thinking could also mean simple thinking.

It is also interesting to know that the richest people in world, consider Elon Musk, no 1 richest in world, has visualised that earth wasn’t enough for the continuation of man’s civilization, he therefore came with the solution of inter-planetary travel through SPACEX, which totally appears ridiculous but he’s now leading the space sector in private sphere. Even Jeff Bezos, founder of Amazon, has seen the problem of going to shops regularly as a burden and started online shopping app amazon, which sells A to Z goods. This proves that Creative thinking and Problem solving together makes money. It runs civilisation forward.

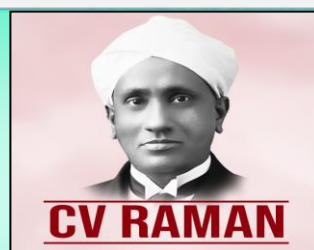

II. DEPARTMENT ACTIVITIES

C.V. Raman Jayanthi

On 7/11/2022

CV Raman was born on 7th November 1888, in Trichinopoly, Tamil Nadu, and died on 21st November 1970, in Bangalore. CV Raman was one of India's greatest scientists.

Sir Chandrasekhara Venkata Raman FRS was an Indian physicist known for his work in the field of light scattering. Using a spectrograph that he developed that- when light traverses a transparent material, the deflected light changes its wavelength and frequency.

The Raman effect was discovered on 28 February 1928. The day is celebrated annually by the Government of India as the National Science Day. In 1954, the Government of India honoured him with the first Bharat Ratna, its highest civilian award. He later smashed the medallion in protest against Prime Minister Jawaharlal Nehru's policies on scientific research.

Awareness Program On The Digital Currency On 7/11/2022

The government of India is launching a crypto awareness campaign that will educate investors about the legality of cryptocurrencies in the country while highlighting the risks of investing in crypto assets.

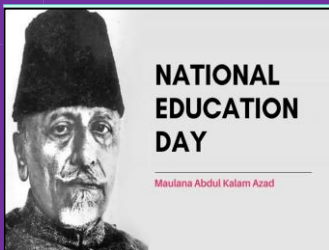

A government official was quoted by ET as saying:

The campaign will highlight that cryptocurrencies are not legal in India and there are also deep risks involved in such assets. Any investment where the people are being promised lucrative and assured returns, there is an element of high risk.

The government of India has been working on a crypto policy since 2019 but nothing has been finalized. Indian Finance Minister Nirmala Sitharaman said the government plans to discuss crypto regulations with the G20 members.

The Indian central bank, the Reserve Bank of India (RBI), has long recommended a complete ban on all cryptocurrencies like bitcoin and ether, warning of their potential to destabilize the country's monetary and fiscal stability. RBI Governor Shaktikanta Das recently said the next financial crisis will come from cryptocurrencies if they are not prohibited. However, Sitharaman said both banning and regulating require international collaboration to be effective.

National Education Day

On 11/11/2022

Without Education, the
Future of a Child Is
Full of Darkness Because
Education Is What
Enlightens Him.

Happy National
Education Day

GDC Chinturu has paid tributes to India's first education minister, Maulana Abul Kalam Azad on his 134th birth anniversary, falling on 11th November.

Azad was a proponent of Hindu-Muslim unity and opposed partition. He started a weekly journal AL HILAL, which played a crucial role in forging Hindu-Muslim Unity. Azad supported Non-Cooperation Movement of Gandhi, He was also arrested in 1930 for violation of salt laws as part of Civil Disobedience Movement.

Apart from politics, he's major contribution is in the field of education. He has been an uncompromising exponent of universalism, a truly liberal and humanitarian educational system. He's ideas were a fusion of eastern(spiritual) and western concepts (scientific). He is one the founding members of Jamia Millia University. As the first education minister he promoted for the establishment of the first IIT, School of Planning and Architecture and the reputed University Grants Commission.

Recognising his contributions, Azad was posthumously awarded India's highest Civilian honour, Bharat Ratna in 1992.

Birsa Munda Jayanti

On 15/11/2022

November 15 is celebrated as Janjatiya Gaurav Diwas or Tribal Pride Day to honour tribal freedom fighter, Birsa Munda. On November 10, 2021, the Union Cabinet declared November 15 as 'Janjatiya Gaurav Divas' marking the birth anniversary of the revered leader and saluting his contributions to India's freedom movement. Prime Minister Narendra Modi dedicated a museum in Ranchi in memory of Birsa Munda also known as Dharti Aaba. PM Modi said that observance of the Janjatiya Gaurav Diwas on Birsa Munda's birth anniversary will serve as an opportunity to celebrate the glorious tribal culture and contribution to national development.... National Library Weeks

On 22/11/2022

First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association (ALA) and libraries across the United States each April, typically the second full week.

The theme of the first sponsored week in 1954 was "*Wake Up and Read!*" and 2021's theme is "*Welcome to Your Library*." The honorary chair of National Library Week, April 3–9, 2022 was actress, comedian Molly Shannon. The American Library Association released the State of America's Libraries Report, highlighting the challenges U.S. libraries faced in the second year of the pandemic.

Libraries are full of stories in a variety of formats from picture books to large print, audiobooks to ebooks, and more. But there's so much more to the story. Libraries of Things lend items like museum passes, games, musical instruments, and tools. Library programming brings communities together for entertainment, education, and connection through book clubs, storytimes, movie nights, crafting classes, and lectures. Library infrastructure advances communities, providing internet and technology access, literacy skills, and support for businesses, job seekers, and entrepreneurs.

Awareness Program On The Vote Enrollment On 25/11/2022

On the occasion of Voting awareness and enrolment program in association with Systematic Voters' Education and Electoral Participation (SVEEP).. GDC Chinturu College conducted sensitization program for bachelor degree students in order to help them understand the immense need of voting and understanding social responsibility.

In this regard, the session was led by Principal, GDC Chinturu Mandal, ASR district. He interacted with students and stressed the need of voting and its importance. We also conducted a quiz session to motivate students on the need of studying Indian Constitution and its relevance to the citizens of India. and emphasized on right to vote as a basic right to uplift society by young generation.

Celebration Of Constitution Day

On 26/11/2022

Constitution Day also known as 'Samvidhan Divas', is celebrated in our country on 26th November every year to commemorate the adoption of the Constitution of India. On 26th November 1949, the Constituent Assembly of India adopted the Constitution of India, which came into effect from 26th January 1950.

The Ministry of Social Justice and Empowerment on 19th November 2015 notified the decision of Government of India to celebrate the 26th day of November every year as 'Constitution Day' to promote Constitution values among citizens.

However, the day is celebrated –on the preamble of the constitution is read in GDC Chinturu by all the staffs & students.
